FINDINGS

1. This facility is an existing 20 acre Class II-2 landfill.
This facility began site operations in 1-1-75
Site life expectancy is 20 years. The trench method of landfill operation is utilized.
An average of 17.5 tons of wastes are received at this site weekly.
Types of wastes received at the site include:
 - a. Residential Refuse
 - b. Commercial Refuse
 - c. Construction & Demolition Debris.
 - d. Tires
 - e. Vehicles
 - f. Trees & Brush
 - g. Dead Animals
 - h. White MetalsHazardous wastes are not accepted at this site. Salvage operations are conducted at this site. The site is operated 24 hours a day seven days per week.
The design and operation of this facility as it existed before August 15, 1977 are as described in the Report of Disposal Site Information and its supporting documents which are hereby made a part of this permit.
2. No changes in design or operation of this facility, except as authorized by this permit, are anticipated in the next five years.
3. The following documents condition the design and operation of this facility:
California Regional Water Quality Control Board, Lahonton Region:
Waste Discharge Requirements No. 74-462.
4. Land within 1000 feet of this site is zoned A-1 (General Agriculture).
5. This facility's current operations are not in compliance with the State Minimum Standards for Solid Waste Handling and Disposal (in that they violate Sections 17656, 17657, 17682. The CONDITIONS section of this permit will establish an appropriate time schedule for compliance with these sections).

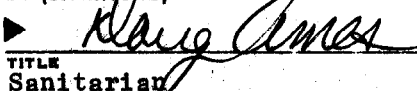

This permit is granted solely to the operator named above, and is not transferable. Upon a change of operator, this permit is subject to revocation. Upon a significant change in design or operation from that described in this permit or in attachments thereto for the existing design and operation of a facility operating immediately prior to August 15, 1977, or from the approved intended design and operation of a facility which was not operating prior to August 15, 1977, or which herein is granted a permit modification, this permit is subject to revocation, suspension, modification or other appropriate action.

This permit does not authorize the operation of any facility contrary to the State Minimum Standards for Solid Waste Handling and Disposal. This permit cannot be considered as permission to violate existing laws, ordinances, regulations, or statutes of other government agencies.

6. This permit is consistent with the latest version of the Lassen County Solid Waste Management Plan and is also consistent with the State Minimum Standards for Solid Waste Handling and Disposal.

CONDITIONS:

Items shall be monitored by the operator of this facility or his agent. Records including but not limited to these items shall be available to the enforcement agency upon request.

Requirements:

1. The design and operation of this facility must comply with all of the State Minimum Standards for Solid Waste Handling and Disposal.
2. The design and operation of this facility must comply with all federal, state, and local requirements and enactments.
3. Additional information concerning the design and operation of this facility must be furnished upon request of the enforcement agency.

Prohibitions:

The following actions are prohibited at the facility:

1. Open burning.
2. Scavenging.
3. Dumping of infectious wastes.
4. Dumping of sewage or septic tank pumpings.
5. Dumping of drilling muds.

Specifications:

No significant change in design or operation from that described in Items #1 and #2 of the FINDINGS section is allowed, except for those changes which are required under the CONDITIONS portion of this permit.

Provisions:

1. The following provisions must be met:
 - a. Entry and identification signs are to be posted within 60 days upon issuance of this permit.
 - b. A minimum of six (6) inches of cover shall be placed over the compacted wastes every ninety-six (96) hours.
2. This permit is subject to review by the enforcement agency, and may be suspended, revoked, or modified at any time for sufficient cause.
